Mechanical Engineering Department

Date: 26/07/2023

To,  
The Director,  
RIT, Rajaramnagar.

Subject: Submission of Mechanical Engineering Department Reading Club activity 2022-23 report.

Respected Madam,

The Reading club activity of 2022-23 has been conducted; there were eight groups in the department. The activity was conducted on 25<sup>th</sup> July 2023 from 5.15 pm to 6.30 pm.

The activity was worthy of having excellent outcomes picked from the books of the entire group. All the Eight groups have presented and discussed their article findings and interesting facts. All faculties were present at the activity.

Few outcomes picked from the books are,

- If you want one year of prosperity, grow seeds. If you want ten years of prosperity, grow trees. If you want one hundred years of prosperity, grow people.
- A principle of the 80-20 rule is to identify an entity's best assets and use them efficiently to create maximum value.
- Many times, in your life you will feel overwhelmed. This is the perfect time to practice faith over fear.
- The secret of life is finding balance. We must balance the four crucial areas of our life: our personal life, our relationships, our work life, and our social contribution.

An activity report with group details and outcomes picked from the books is attached to this letter. Thank you for your encouragement in conducting such an activity.

With Regards.

Department Reading Club Coordinator

Head Mechanical Engineering Department
