Item No. 4:

To take a decision about Starting New Programs

Resolution No. 4:

Hon. Director has informed about starting the new courses and increase in intake. It was decided in the meeting by all BOG members that we should start the new courses and increase the intake as per the below mentioned details -

1. Starting new course - Robotics and Automation with intake 30 along with foreign national quota.
2. Starting new Ph.D Lab recognition for Computer Engineering

Resolution Passed by all and behalf of all

Item No. 5:

To take a decision about Increase in Intake

Resolution No. 5:

Hon. Director has explained the increasing admission trend in the following programs in last 5 years-

1. B.Tech Electronics and Telecommunication
2. Master in Business Administration

She has further added that we are getting a good response for admissions for above mentioned courses every year. It was unanimously decided in the meeting that we should increase the intake of B.Tech Electronics and Telecommunication from 60 to 120 along with foreign national quota. Though it was decided in the meeting that we should increase the intake of Master in Business Administration from 120 to 180, due to lack of sufficient infrastructure and to maintain the quality of MBA education we should maintain intake of 120 for Master of Business Administration.

Resolution Passed by all and behalf of all.

Item No. 6:

To take a decision about Reduction in Intake of PG Courses

Resolution No. 6:

Hon. Director has informed the declining admission trend in last five years for following PG programmes -

1. Electronics Engineering (intake -12)
2. Mechanical (Thermal Engineering) (intake -12)
3. Power Systems & Power Electronics (intake -12)
4. Design Engineering (intake -24)

She has further informed that despite of several efforts we are not able to get the admissions for above PG programs. Hence it was decided by all BOG members that we should reduce the intake of PG Electronics Engineering, Mechanical (Thermal Engineering), Power Systems & Power Electronics from 12 to 6. It was also decided to reduce the intake of Design Engineering from 24 to 18.
