## ALUMNI GET TOGETHER OF SILVER JUBILEE BATCHES

(1995 and 1996 Pass out batch with all seniors – Online & Offline)

Alumni get together of Silver Jubilee batches (1995 and 1996 Pass out batches) with all seniors was organized at R.I.T., Rajaramnagar on Saturday, 14<sup>th</sup> August 2021 at online as well as offline mode. Hon. Shamrao Patil, Member, BOG, RIT and Chairman, Rajarambapu Co. Op. Bank Ltd. Peth, Hon. Prin. R. D. Sawant, Secretary, Kasegaon Education Society, Mr. Nazir Shaikh, President, RIT Alumni Association, Dr. Mrs. Sushma S. Kulkarni, Director, RIT, Dr. L. M. Jugulkar, Dean, Students Development, & Dr. S. M. Sawant, Professor & Incharge Alumni graced this gathering. Get-together started with the welcome of all alumni. A video clip “Glorious Moments in RIT” prepared by Alumni Cell consisting collection of the photos of the alumni right from 1987 batch was shown to take the alumni members down the memory lane. All the alumni enjoyed this video clip and revived their memories. The program was started with watering the plant by dignitaries and alumni representative. Mr. Nazir Shaikh highlighted the growth of RIT Alumni Association and how it is playing a vital role in the development of the institute.

## **ALUMNI GET TOGETHER OF SILVER JUBILEE BATCHES**

**(1995 and 1996 Pass out batch with all seniors – Online & Offline)**

He also informed audience how the alumni of RIT have been successfully getting placed in key positions in the professional world. He appealed the present alumni to contribute voluntarily in development of the institute.

Dr. Mrs. Sushma Kulkarni, Director RIT, addressed the gathering with presentation on development of the institute since 1983. She shared recent achievements of RIT like rankings in various surveys, successful implementation of Choice Based Curriculum System (CBCS), wherein a student can choose courses of his/her choice right from the first year of engineering, research culture developed over the years, increasing number of patents filed and sanctioned, a new initiative of NETRA, commercialization of products developed by students and faculties and international recognition of RIT on various platforms. At the end, she appealed the alumni to help institute in all possible ways. Hon. Prin. R. D. Sawant expressed his thoughts on role of alumni in the development of any educational institute. He focused on alumni support & contribution in building next generation of technocrats. He also appealed alumni to continue whole heartedly this kind of collaborative act with the institute. Hon. Shamrao Patil has addressed the gathering and refreshing the past memories of the institute. Later, the presentation about RIT Alumni Advisory Hub (RAAH) was given by Miss. Manali Jadhav (RAAH Task Force Member). Through this presentation, shared the journey of RAAH from the establishment to till date. Then forum was kept open for alumni to express themselves.

Mr. Aabasaheb Kale shared that, there is an opportunity to start joint programs by RIT and foreign universities with the help of alumni network. Also through RAAH platform, we are ready to share our experiences for the development of the institute. Mr. Rajesh Hulugade shared his experience with Team Nequit of RIT. He told the audience that, the students of RIT have very good potential.

**ALUMNI GET TOGETHER OF SILVER JUBILEE BATCHES**  
**(1995 and 1996 Pass out batch with all seniors – Online & Offline)**

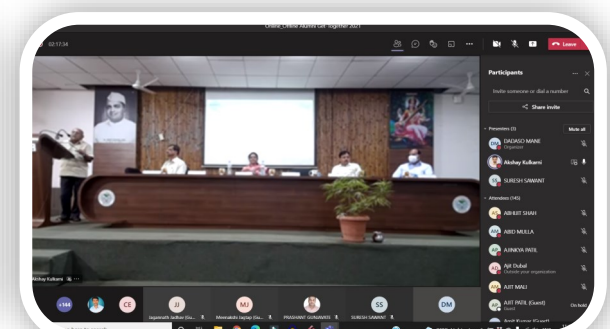

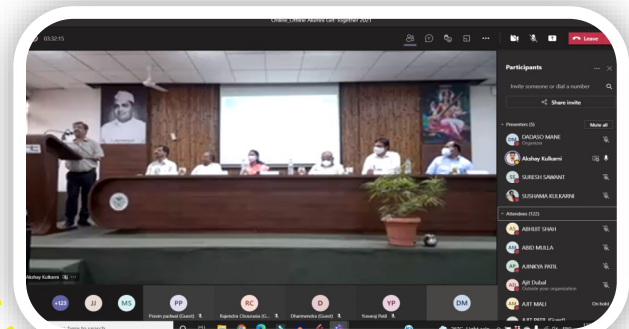

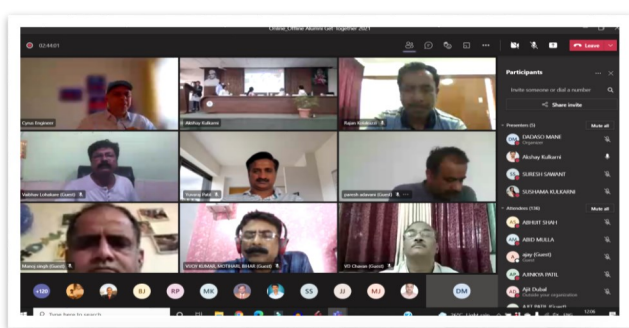

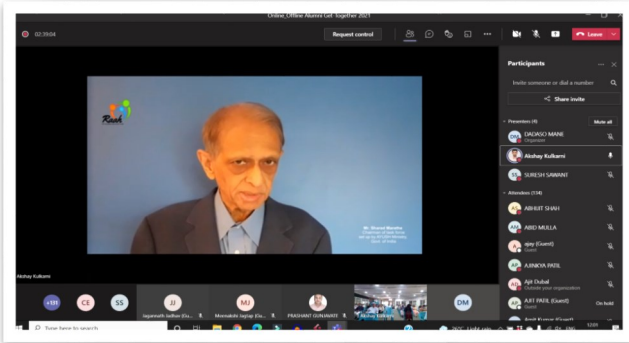

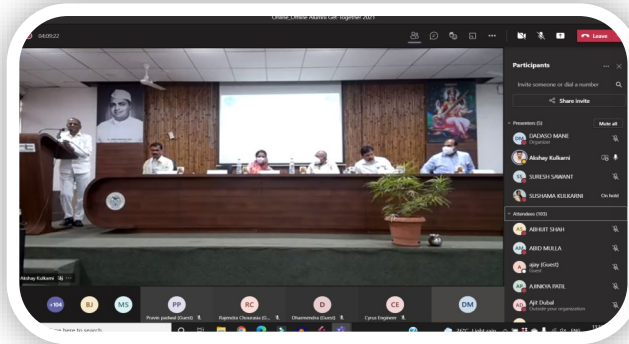

Mr. Ramesh Jadhav expressed his desire to contribute in entrepreneurship development activities of the institute through RAAH. Dr. Sanjay Vashishtha shared his journey of career. He gets absorbed deep in the past while sharing his memories from college days. He appreciated the learnings from the faculty members and how it is helping him. Mr. Manzoorahamad Mirza has shared his experience relating to journey of RAAH from the establishment to till date, and appeal to support and involvement in the RAAH forum.

Prof. Dr. S. M. Sawant proposed the vote of thanks. He acknowledged all present alumni, Management Representatives, Director, Deans, HOD's, faculty members, non-teaching staff, hostel staff, administrative staff and all other members, who were directly or indirectly involved in the success of this event.

After this event all present alumni visited to the central library and inaugurated the office of RAAH. After the lunch, all the alumni visited their respective departments. They discussed their about development of the department with the respective head of department and faculty members. The alumni made this day a wonderful and memorable Silver Jubilee get-together of 1995 & 1996 pass-out batch along with seniors.

Dr. Yashwant M. Patil (Secretary, RIT Alumni Association), Prof. M. M. Mirza (Institute RAAH Coordinator), Prof. S. T. Satpute, Prof. Mrs. Shailaja Patil, Prof. Shrikant Karanjkar, Prof. Dadaso Mane, Prof. Ajit Mali, Prof. Mrs. Yogini Bho-sale, Prof. Akshay Kulkarni, Prof. Mahesh Yadav, Prof. M. M. Ali have taken efforts in this successful alumni get-together at RIT, Rajaramnagar.

## Online Alumni Interaction

### Department of Computer Engineering

### Session on, “Basics of Android OS”

Our Distinguished Alumnus **Er. Dhiraj Kulkarni** (2015 Batch UG) working as software engineer at Amdocs Ltd. Pune had started discussion on basics of android, it is an open source and Linux-based Operating System for mobile devices such as smartphones and tablet computers. Android was developed by the Open Handset Alliance, led by Google, and other companies. Android offers a unified approach to application development for mobile devices which means developers need to develop only for Android, and their applications should be able to run on different devices powered by Android. The first beta version of the Android Software Development Kit (SDK) was released by Google in 2007, whereas the first commercial version, Android 1.0, was released in September 2008. On June 27, 2012, at the Google I/O conference, Google announced the next Android version, 4.1 Jellybean. Jelly Bean is an incremental update, with the primary aim of improving the user interface, both in terms of functionality and performance.

The source code for Android is available under free and open source software licenses. Google publishes most of the code under the Apache License version 2.0 and the rest, Linux kernel changes, under the GNU General Public License version 2. Android applications are usually developed in the Java language using the Android Software Development Kit. Once developed, Android applications can be packaged easily and sold out either through a store such as **Google Play** or the **Amazon Appstore**. Android powers hundreds of millions of mobile devices in more than 190 countries around the world. It's the largest installed base of any mobile platform and is growing fast. Every day more than 1 million new Android devices are activated worldwide.

This session specially conducted for TY and B. Tech students, total 35 students were attended this session.

## Online Alumni Interaction

### Department of Computer Science and Information Technology

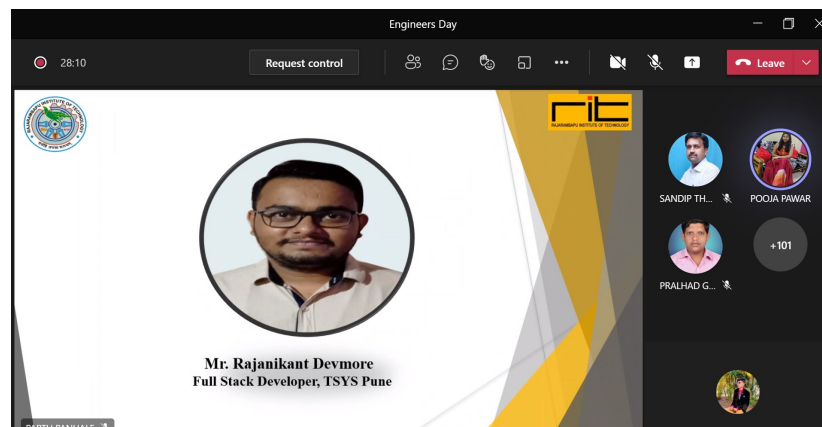

#### An Industry Expert session on “Skill set required for Campus placement

Our alumni **Mr. Rajnikant Devmore** (2017 batch UG), Full-stack Developer, **TSYS Pvt. Ltd. Pune**, conducted an Industry Expert session on “Skill set required for Campus placement” on 18<sup>th</sup> September, 2021.

Sir has highlighted on following points:

- What is needed to get a job as a Fresher ?
- Different Job profiles in IT industry
- Different platforms offering advanced technology knowledge like Udemy, Coursera, YouTube etc..
- How to prepare for competitive programming?
